OVERHEAD-PROJECTOR: KINDERMANN-Famulus 575

PROJECTION-SCREEN: HARKNESS 7x5mtr.

### IT

ISDN-lines: 2  
Internet-Connections: Option 1:  
2 Mbit synchronous, equivalent to 2 Mbit SDSL-line, with static(public)  
IP-address. Suitable for streaming video and other high-end usage.

Option 2:  
0,5 Mbit synchronous, the download capabilities equivalent to a normal  
ADSL-line but with upload capabilities several times higher than ADSL.

Several PCs can be connected to the Internet and be protected by firewall if needed.

Both options must be ordered in advance!

All other equipment by agreement.
